Competitive Pricing

Our prices are affordable. Because we publish on a trimester basis (every four months), the price of our Bible study curriculum often appears higher at first glance than that of other publishers. However, if you look at our prices as if we were a quarterly publisher, you will see that we are very competitive and often lower. You can also save an additional 5% if you pay early each trimester.

	Actual Cost per Trimester	Converted Cost per Quarter[†]	Price with 5%* Discount Based on Quarterly Conversion

*Save an Additional 5% Off Your Entire Order

If you pay by the early-bird special date each trimester (see order form) you will save an additional 5% off your entire order.

You Save with Shipping

Since our Bible study is published on a trimester basis, every four months, this means you only have to order THREE times a year—which equals LESS shipping costs (and less time getting orders together). If you purchased from a quarterly publisher, you would have to pay shipping four times.

Bundles

Many of our Bible study curriculum pieces are available in a BUNDLE format. Purchasing in this format saves you additional money (and if you order and pay early to get the additional 5% off—what a savings!).

Custom Shipping Options

We offer custom shipping! You can choose to have each classroom's order packed and labeled separately at no additional charge. Many other publishers will charge you extra for this service. Custom shipping makes distribution to teachers and classes a breeze.
